getting around

Whether shopping, eating out, sightseeing or simply getting from A to B, the Mosman Rider is a convenient and easy way to enjoy all Mosman has to offer.

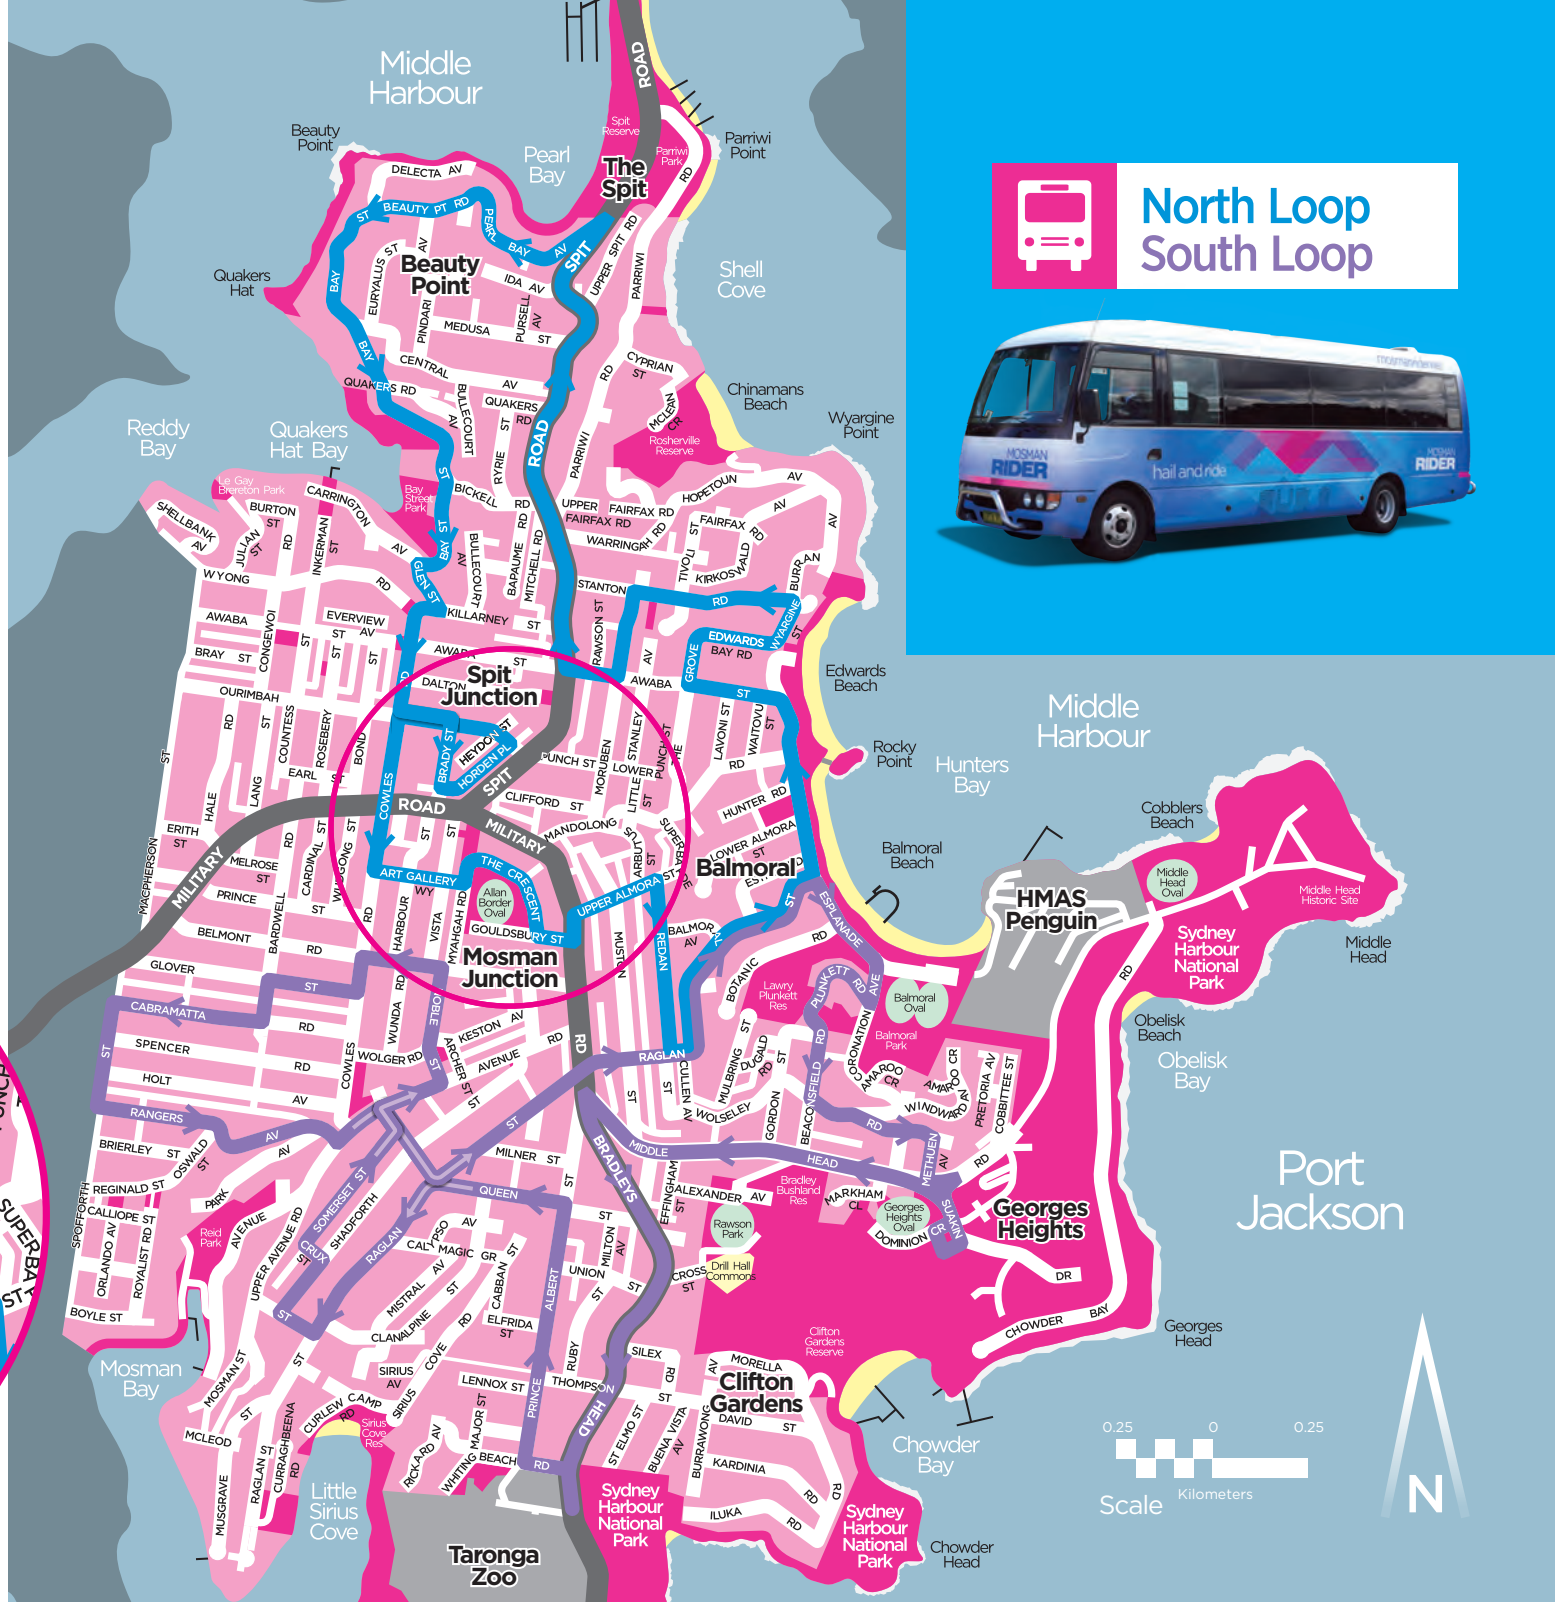

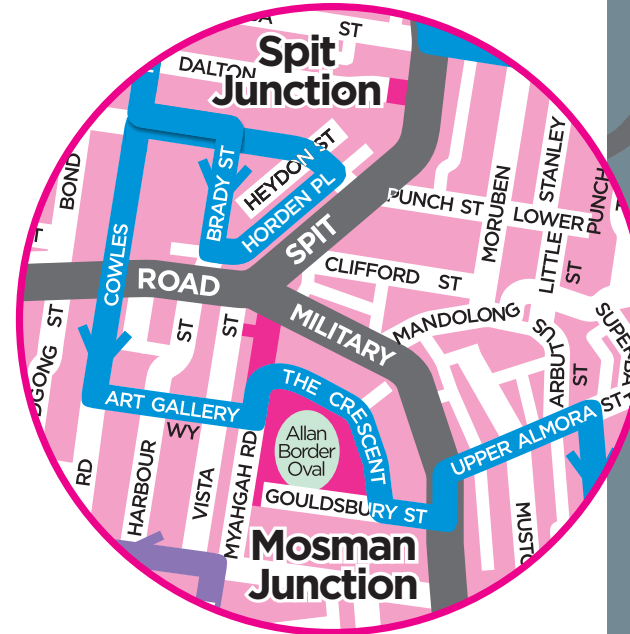

The Rider route takes in Bridgepoint Shopping Centre at Spit Junction before winding through Mosman's hilly streets from Beauty Point to Taronga Zoo, and Spofforth Street to George's Heights. It travels past the Art Gallery, Civic Centre and Library as well as providing spectacular harbour views and access to some of Mosman's best kept secrets. Linking in with many of the area's foreshore walks, the Rider also provides stress-free access to beautiful harbour beaches, such as family favourite, Balmoral.

Hailing the bus couldn't be easier. Find a spot on the route where the bus can stop legally and safely, preferably a bus stop, and signal the driver.

Let the drivers know where you want to be dropped along the route and they will find a safe, legal place as close as possible.

For your safety strollers must be packed down and placed flat in the bus.

Finding the Rider a bit more than you can manage? You may be eligible for Mosman Community Transport. Phone 9978 4120 for more information.
